Coachman is Booming on Social Media

Coachman is proud to announce that we are now on Facebook as well as Instagram. Find and follow us to keep up with the latest news and specials.

At Coachman SAFETY is our number one priority and we like to uphold this by continuously raising awareness to our clients.

Below are a few Road Safety Tips that both the Service provider as well as the Passangers should always keep in mind :

<u>You as a MOTORIST</u>	<u>You as a PASSENGER on a coach</u>
Always ensure that you wear your <u>seatbelt</u> , even if the journey taken is a short one.	Ensure that the coach is equipped with <u>seatbelts</u> and that they are <u>fully functional</u>
Obey the rules of the road and always ensure that you carry your <u>driver's license</u> with you.	Ensure that the driver is in <u>possession of a valid PrDP license.</u>
<u>Plan the route</u> to your destination and give yourself enough time to reach the destination.	Ensure that the driver is <u>aware of the destination</u> and that <u>route planning</u> has been done
Ensure that your <u>vehicle</u> is in a <u>roadworthy condition</u> before departure.	Before boarding the coach, <u>check the license and permits</u> of the coach which should be displayed in the window.
All lights and indicators, windscreen wipers, brakes ,steering , exhaust system and tyres should be carefully examined and in a <u>100% working condition.</u>	<u>Before the departure</u> of the coach from the depot the driver is required to <u>complete a check list</u> to ensure that the coach is in a <u>100% working condition.</u> This can be requested from the operations office at any stage.
<u>Never drink and drive</u>	If alcohol is being served on a coach, ensure that <u>neither you nor any of the other passangers offer him/her anything alcoholic</u>
Avoid experiencing <u>fatigue</u>	Ensure that there are <u>two drivers</u> on the coach when travelling <u>long distances</u> or at <u>unusual travelling hours.</u>
For long distance travelling it is also advisable to <u>change drivers at rest stops</u>	Ensure that if there is <u>one driver</u> on the trip that you <u>allow for regular stops</u> in order for resting . If there are <u>two drivers</u> on the trip, <u>at every regular stop</u> you need to <u>ensure that the drivers swap over.</u>

ALWAYS REMEMBER : THE RULES OF THE ROAD NEVER CHANGE!
